

EVENTIX - Functionality Testing

Web-Based OTP Authenticated Event Scheduling and Attendance Management System

CCF B1G Ministry | 2nd Semester SY 2025-2026 | PUP Capstone Project

Verifies that all system features operate as expected and conform to client requirements (R1-R10). Mark each test case as Pass or Fail. Any failed test must be documented and resolved before final submission.

1.1 USER REGISTRATION & OTP AUTHENTICATION (R1, R10)				
ID	Feature	Test Case	Expected Result	Pass / Fail
FT-01	User Registration	Register new account with valid name, email, phone, password	OTP sent to email, account created after OTP verification	
FT-02	OTP Verification	Enter correct OTP within 5 minutes	Account verified, user redirected to dashboard	
FT-03	OTP Expiry	Enter OTP after 5-minute expiry	System displays error and allows retry	
FT-04	Invalid OTP	Enter incorrect OTP	System displays error and allows retry	
FT-05	Duplicate Email	Register with already existing email	System prevents duplicate registration	
FT-06	Phone Validation	Enter phone number with letters or less than 11 digits	System rejects input and shows validation error	
FT-07	Phone Validation	Enter phone number not starting with 09	System rejects input and shows validation error	
FT-08	Name Validation	Enter name with special characters or numbers	System rejects input and shows validation error	
FT-09	Password Strength	Enter weak password	System shows password strength indicator	
1.2 USER LOGIN (R1, R10)				
ID	Feature	Test Case	Expected Result	Pass / Fail
FT-10	Login with OTP	Login with valid email and password	OTP sent to email, user logged in after verification	
FT-11	Invalid Credentials	Login with wrong password	System displays error, access denied	
FT-12	Remember Me	Login with Remember Me checked	Session persists for 30 days	
FT-13	Forgot Password	Click Forgot Password and enter registered email	Verification code sent via email	
FT-14	Change Password	Enter verification code and new password	Password updated, user redirected to login	
FT-15	Forgot Email	Click Forgot Email	System sends notification to admin for manual assistance	

1.3 EVENT BROWSING & REGISTRATION (R2, R3)

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-16	Event Browsing	Browse events as logged-in participant	All upcoming events displayed with details	
FT-17	Category Filter	Filter events by Non-Sports	Only Non-Sports events displayed	
FT-18	Category Filter	Filter events by Sports	Only Sports events displayed	
FT-19	Activity Filter	Filter sports events by Badminton	Only Badminton events displayed	
FT-20	Search Feature	Search event by name	Matching events displayed in real time	
FT-21	Filter by Status	Filter by Upcoming	Only upcoming events displayed	
FT-22	Filter by Status	Filter by Past	Only past events displayed	
FT-23	Event Registration	Register for an event with available slots	Registration confirmed, table assigned if applicable	
FT-24	Duplicate Registration	Register for same event twice	System prevents duplicate registration	
FT-25	Full Event	Register for a full event	System displays Event Full message	
FT-26	Registration Closed	Register for a past or ended event	System shows Registration Closed badge, button disabled	
FT-27	Event Description	View event with long description	Description truncated to 100 characters with See More button	

1.4 TABLE MANAGEMENT (R4)

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-28	Enable Table Mgmt	Create event with Table Management enabled	Table Management configuration options appear	
FT-29	Configure Tables	Set number of tables and seats per table, click Apply	Tables created in system with correct capacity	
FT-30	Fill-First Algorithm	Register multiple participants for event with tables	Participants assigned to first table until full, then next opens	
FT-31	Gender Routing ON	Register male participant for gender-separated event	Participant assigned to male table only	
FT-32	Gender Routing ON	Register female participant for gender-separated event	Participant assigned to female table only	

FT-33	Gender Routing OFF	Register participant for non-gender-separated event	Participant assigned to any available table	
FT-34	Unassigned Warning	Register participant before tables are configured	Participant appears in Unassigned Participants warning box	
FT-35	Manual Reassignment	Move participant from one table to another	Table assignment updated successfully	
FT-36	Capacity Overflow	Try to move participant to a full table	System shows error, reassignment blocked	
FT-37	Gender Mismatch	Try to move male participant to female table (gender separated)	System shows error, reassignment blocked	
FT-38	Live Capacity Calculator	Set tables where total seats do not match event capacity	System shows capacity mismatch warning	
FT-39	Printable Layout	Click Print Table Layout	Printable table layout generated for physical setup reference	

1.5 ATTENDANCE TRACKING (R5)

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-40	Check-In	Event head marks participant check-in	Check-in time recorded, attendance status updated	
FT-41	Check-Out	Event head marks participant check-out	Check-out time recorded, attendance complete	
FT-42	Auto Check-Out	Participant checked in but did not check out when event ends	System auto-records check-out at event end time with note	
FT-43	Attendance Guard	Try to check in to an ended event	System blocks check-in with error message	
FT-44	QR Code - Active	View QR code for active or upcoming event	QR code displayed with download button	
FT-45	QR Code - Past	View QR code for past event	QR hidden, locked notice shown, attendance status displayed	
FT-46	Attendance History	Participant views attendance history	All past events and attendance status displayed	

1.6 REPORTING (R6)

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-47	Generate Report	Event head generates attendance report for an event	Report generated with attendees, absentees, and participant details	
FT-48	Export Report	Export report to Excel or PDF	File downloaded successfully	

FT-49	Participant Journey	View participant journey summary	Monthly and yearly attendance patterns displayed per participant	
FT-50	Inactive Members	Generate inactive member identification report	Members with no recent attendance flagged	
FT-51	Cross-Event Analysis	Generate cross-event participation analysis	Participation patterns across multiple events displayed	

1.7 VOLUNTEER MANAGEMENT (R9)

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-52	Create Volunteer Event	Admin creates volunteer event with roles and team leads	Volunteer event saved, unique QR code generated	
FT-53	QR Code Generation	View volunteer event detail page	QR code displayed and available for download	
FT-54	QR Sign-Up - Logged In	Logged-in user scans QR code	Volunteer event details and available roles displayed	
FT-55	QR Sign-Up - Not Logged In	Not-logged-in user scans QR code	System saves redirect, redirects to login, then back to sign-up	
FT-56	Role Selection	User selects preferred role and clicks Join	Sign-up saved, success message shown, appears in My Volunteer Events	
FT-57	Duplicate Sign-Up	Same user tries to sign up again for same event	System prevents duplicate sign-up with error message	
FT-58	View Volunteers per Role	Admin opens volunteer event detail page	All volunteers listed per role with name, status, and join date	
FT-59	My Volunteer Events	User opens My Volunteer Events dashboard	All volunteer commitments listed with role and event details	
FT-60	Regenerate QR	Admin regenerates QR for volunteer event	New QR code generated, old QR no longer valid	

1.8 ADMIN PANEL & RBAC (R7, R8, R10)

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-61	Manage Users	Admin adds, edits, deactivates a user	User data updated in system	
FT-62	Manage Venues	Admin adds, edits, deletes a venue	Venue list updated	
FT-63	Manage Categories	Admin modifies event categories	Category list updated	

FT-64	Role-Based Access	Participant tries to access Event Head dashboard	Access denied, redirected to participant dashboard	
FT-65	Role-Based Access	Event Head tries to access Admin panel	Access denied, redirected appropriately	
FT-66	Session Management	User closes browser and reopens without Remember Me	User must log in again	
FT-67	Password Hashing	Check database after user registration	Password stored as hashed value, not plain text	

1.9 ANNOUNCEMENT & REMINDER SYSTEM

ID	Feature	Test Case	Expected Result	Pass / Fail
FT-68	Send Reminder	Event head sends 3-day reminder for upcoming event	Email reminder sent to all confirmed participants	
FT-69	Duplicate Reminder	Send same reminder type twice for same event	System skips already-notified participants	
FT-70	Send Announcement	Event head sends announcement for an event	Announcement email sent, saved to announcement table	
FT-71	Announcement History	View History tab	Last 20 announcements listed with event, subject, sender, and timestamp
